BRIEF FOR SPEAKERS

The ICCO Global Summit, Lisbon

The ICCO membership comprises associations representing 66 countries from Europe, Africa, Asia, the Middle East, the Americas, and Australasia. Collectively, these associations represent over 3,000 PR firms.

The Summit theme for Lisbon is:

Transformation '19

- Talent and technology driving the global PR agenda

Clients want their PR agency to help them transform their business in a world reshaped by technology.

The Global Summit

A change for the ICCO Global Summit, 2019 is that in addition to featuring leading PR agency speakers, we are also looking for speakers from leading organisations and global brands with a compelling communications story to tell, to broaden the appeal of the event. More than 250 professionals are expected to attend.

ICCO seeks company CEO leaders and senior-level company and organisational speakers working at a global level with unique insights, knowledge or expertise and a great story to tell. We are asking speakers to speak about their experience of the transformation they are seeing in public relations and communications; what they have done about it and the key lessons learned.

Within the Summit theme, speakers, issues and topics will include:

- How to become a creative transformation company
- Diversity and inclusion are critical, but how to establish a compelling agency culture is just as important.
- PR and the digital transformation
- Addressing the gender pay gap
- Gen Z – the first “digital natives” – do we know how to recruit and engage?
- Building your agency’s bench -- developing top talent to lead your agency in the future
- Fake news – A continuing opportunity for PR to lead clients and society
- Leveraging training and development to attract and retain talent
- Leadership skills to navigate a VUCA (volatility, uncertainty, complexity and ambiguity) marketplace
- Investment in data and analytics has never been more important
- Automating the future agency!
